

# Gender perspective

**KATARSIS**

VIENA 16-17 JUNE 2006

Isabel André

## Family

- Socio-cultural representations and practices (e.g. parenthood)
- Personal and family life vs. professional work (caring services)
- Parental relations
- Contraception and procreation

## **Employment, education and training**

- Mobility and time flexibility
- Female and male educational patterns (personal and social competencies vs. technological competencies)
- Educational and professional career personal investment
- Presence of women in the labour market

# Citizenship

- Associative and entrepreneurial initiative
- Civic participation
