

KATARSIS: from WP234 to WP5 (through WP5)

Methodology

WP5 Methodology Development

- “Research Methodology”
- Methodology to Coordinate and (better) Integrate research activities and research centres
- Make results accessible and useful for user groups

“Research Methodology”

Where we stand...

WP1

WP2, WP3

WP4 : perspectives ...

(IE: three
complementary
readings)

- Instructive cases
- Theories
- Epistemologies
- Sociology of knowledge perspectives
- Concepts
- Empirical research tools
- Relations science - practice

“Research methodology”

Several lines are being developed and connected. Till today the common grounds have been:

Exclusion dynamics \Leftrightarrow
SCS

Concepts

Theories

Empirical research tools?

‘Added’:

- ‘Meta’ theory - Sociology of knowledge
- Role of theory
- Case-study methodology
- Action research
- Instructive case-studies
- Instructive methodological debates

Networking - Dissemination

- Methodology to Coordinate and (better) Integrate research activities and research centres
- Make results accessible and useful for user groups
